IN A COLD RAIN.

President Harrison's Welcome to the State of Washington.

THE TRIP MADE TO SEATTLE.

A Few Hours' Stay at That Northern City and Then the Journey Homeward is Begun—Back to Portland—Program of the Return Trip.

TACOMA, Wash., May 7.—Notwithstanding the cold rain that has been falling for two days, the people of the state of Washington gave the president a warm welcome at every station where the special train stopped yesterday morning. It was 6 o'clock when the train reached Chehalis, the first stopping place in the state. The president was up to receive the large crowd assembled at the station, and the people seemed to appreciate his sacrifice of sleep, for they cheered lustily.

Rain was coming down steadily when the train reached Centralia, where several hundred people, a G. A. R. post, and a band gave a hearty welcome. The mayor of the city introduced the president, who made a short speech. Stops of a few minutes were made at several small stations where large crowds had assembled.

When the train reached Tacoma, the president and party were conducted to carriages and a procession was formed, composed of companies of the National Guards of Washington, and the Sons of Veterans, a troop of cavalry, posts of the Grand Army, Sons of Veterans, Odd Fellows, Masons and others. From the depot the line of march was up Pacific avenue to Ninth street, thence to C street square, where all the militia and societies were massed. The presidential party continued up C street, escorted by the cavalry, to the northern part of the city, through the residence portion and returned through the City park to Tacoma avenue, where, between Ninth and Eleventh streets the school children were lined on each side of the street. The little ones, dripping with rain, gave the president a hearty welcome. When his carriage stopped to enable him to make them a brief address, he was covered with a shower of flowers.

After making a brief speech the president held a reception in the Gross block. While the president was speaking the ladies of the party were entertained in the opera house by the ladies of Tacoma, where a beautiful painting of Mount Tacoma was presented by the art club to the president and Mrs. Harrison. From the opera house the party went directly to the steamer, which steamed out of the harbor amid the roar of artillery, screaming of whistles, etc., accompanied by a fleet of excursion boats gaily decorated, en route to Seattle.

The notable feature of the president's reception, and which deserves special mention, was the arches erected on Pacific avenue. The first one was composed of blocks of massive timber, the next one, of sombre aspect, was composed of coal, the next was a massive column of pig iron followed by one of iron and silver ore. Then came arches of shingles and various woods, all representing the various resources of the new state of Washington.

AT SEATTLE.

The President Reaches the Most Northern Point of His Journey.

SEATTLE, Wash., May 7.—It was nearly 2 o'clock when the steamer City of Seattle with the presidential party, Governor Ferry and staff and Mrs. Ferry, Senator and Mrs. Allen, Mayor White, of Seattle, and the Seattle reception committee arrived at the dock here. Just after the City of Seattle left Tacoma, Mayor White, on behalf of the citizens of Seattle, made an address of welcome to which the president responded happily. The rest of the trip was occupied in partaking of an elaborate luncheon.

The rain that marred the Tacoma reception had ceased when the steamer arrived at Seattle, but a cold northwest wind had set in. As the City of Seattle approached its pier, all the steam vessels, including the score of steamers that had accompanied her from Tacoma, blew their whistles and this almost deafening noise was augmented by the booming of cannon and shooting of thousands of people who occupied every available space along the water front. Excursionists from all over the state and British Columbia, and crowds on the streets along which the procession passed were packed in a solid mass for the greater part of the route. One continuous cheer marked the passage of the president from the steamer to Lake Washington.

The houses in the city were generally decorated and beautiful arches were erected at the prominent street corners. An escort composed of the First regiment, National Guard of Washington, Sons of Veterans and G. A. R. posts accompanied the president to the cable car station, where the pupils of the high school sang an ode of welcome. On one side of the arch, erected at this place, sat the daughter of Chief Seattle, after whom the city was named. Short stops were made at the school buildings along the route to enable the pupils to see the president and odes of welcome were sung by the little ones. At arrival at Lake Washington the steamer Kirkland was boarded by the party for a tour of the lake.

On the return to the landing the cable cars were again taken to Madison and Second streets, where the procession was reformed and the presidential party was escorted to the university grounds. Here thousands of citizens and students gave the president a rousing welcome. A program consisting of singing by the public school children, an address of welcome by Judge Thomas Burke, addresses by the president, Messrs. Wanamaker and Rusk and the presentation to the president of gentlemen who had voted for William Henry Harrison and

of a number of other citizens was carried out. Among those presented were the mayors of several cities in Washington and in British Columbia, who came to Seattle especially to greet the president.

From the university grounds the president and party were driven to the special train which left Seattle, amid a shouting concourse of enthusiastic people, at 6:20 o'clock.

The program of the return trip of the president, so far as decided, is as follows: After stopping a few hours at Portland, he will go to Salt Lake City, stopping one day at Boise City, Idaho, then to Leadville, Colorado Springs, Denver, Lincoln, Neb., Omaha, Hannibal, Mo., Springfield, Ill., Decatur, Indianapolis, Columbus and Pittsburgh.

ACROSS THE ATLANTIC.

Gladstone Wins a Victory in the Stowmarket Election—Other Foreign News.

LONDON, May 7.—The result of the election held Tuesday for a successor in parliament to the late Mr. Edward Greene, who represented the Stowmarket, or northwest division of Suffolk, shows that the Gladstonians have won another victory. Baron Stern, Gladstonian, received 4,346 votes; Mr. Greene, Conservative, received 4,132 votes.

The late member, Mr. Edward Greene, was a Progressive Conservative, and a well known brewer of St. Edmunds. At the last election in the Stowmarket division, the late Mr. Greene received 3,906 votes to 3,262 cast for the Gladstone Liberal candidate, Mr. Edward North Buxton, whom he defeated.

The Czar Withdraws a Military Order.

ST. PETERSBURG, May 7.—The czar has withdrawn the order recently issued for the transfer of the Twenty-second army division from Novgorod to the western frontier. This action was taken by the czar in consequence of its having come to his knowledge that the German emperor was annoyed at the proposed transfer because the Wyborg regiment, of which he is honorary colonel, forms a part of the Twenty-second division.

Explosion in a Coal Pit.

BERLIN, May 7.—A disastrous explosion has occurred in the Serlo coal pit at Saarbrücken, Rhenish Prussia. Eight persons were killed outright and seven others were seriously injured.

Seven Hundred Arrests.

VIENNA, May 7.—Three hundred students and 400 others were arrested at Warsaw yesterday, for an orderly attempt to celebrate the centennial of the Polish constitution.

Fight With Anarchists.

ROME, May 7.—In a conflict last night between the police and some Anarchists, twelve shots were exchanged and several persons were wounded.

Jew Expulsion Suspended.

ST. PETERSBURG, May 7.—The authorities have suddenly suspended the expulsion of the Jews from Moscow.

Embezzling Drummer Commits Suicide.

NEW YORK, May 7.—Joseph Kaatz, a drummer in the employ of Schley & Company, of No. 15 Walker street, shot himself dead yesterday afternoon in front of his employers' store. Kaatz had just been accused of embezzling funds from the firm and an officer had been sent for to arrest him. Kaatz was 22 years old. He had evidently premeditated suicide in anticipation of his arrest, as letters were found in his pockets addressed to his sister, asking her to forgive him and bury him. The amount of his delinquency is small.

Identifying Burned Money.

WASHINGTON, May 7.—The clerks in the treasurer's office have identified \$10,900 of the \$17,000 charred and burned in the recent wreck near Waring station on the Baltimore and Ohio railroad in Maryland. The money was so charred and black that the packages looked like charcoal, but the expertness in separating each note and putting it under a strong magnifying glass all the money was identified with by exception of \$100, which the express company carrying the money will lose.

Lost in a Gale.

EAST TAWAS, Mich., May 7.—Four children of a Mr. Purdy, two boys and two girls, aged from 7 to 18, left here Sunday morning in an open boat, intending to cross Saginaw bay to Port Austin, a distance of about thirty miles. It is feared that they are lost as a violent gale sprang up at Sunday noon, and has been raging ever since. The children may possibly have reached Little Charity island, and in this event must be suffering from hunger and exposure.

A Calf With Six Feet.

MOORESVILLE, Ind., May 7.—A Jersey cow belonging to Limeus Chin, a farmer near this place, gave birth to a calf having six separate, distinct and well-developed feet. The extra feet are attached to the hind legs, and it walks on all of its six feet alike. The calf is doing well, and is as active as any of its species with natural feet. Mr. Chin has received several likely offers for the freak as a museum curiosity.

Rio Grande Raging.

ALBUQUERQUE, N. M., May 7.—The Rio Grande is raging, and at Alameda, a small Mexican town about twelve miles north of this city, the water has partially overflowed the banks, covering many acres of cultivated ground and driving to the highlands the inmates of a number of houses which the water surrounds. The river is now within a few inches of the big rise of 1890 and 1891.

Contract for the Monument Let.

INDIANAPOLIS, May 7.—The soldiers' monument commission held a meeting yesterday and closed the contract with George W. Brewster, of Chicago, for the upper bronze astragal for the monument, the price being \$6,000. A. J. Streeter, of Chicago, exhibited a model of the iron stairway that is to go into the monument, and he was directed to equip the first two flights with risers.

HOW IT IS RECEIVED

Comments on the New Orleans Grand Jury Report.

APPROVED BY ALL CLASSES.

An Italian Consul at the Crescent City.

However, Thinks That There Will Be Serious Complications Between This Country and His Own—Opinions Expressed Elsewhere—An American Attacked by a Mafia Mob in the Streets of Florence, Italy.

NEW ORLEANS, May 7.—The report of the grand jury is, of course, the general topic of conversation here and is approved by all classes of good citizens. The Italian consul here, Signor Corte, is, however, not enthusiastic over the document. He says that he is very much displeased with the report. He furnished much information to the jury, he says, which was ignored evidently as there is nothing in the report to indicate that it was used. Mr. Corte adds that his oath of secrecy prevents him from telling what he testified to before the grand jury. The consul says that he will immediately transmit the report in full to his home government and he fears that serious complications between Italy and the United States will be the ultimate result.

All of the daily newspapers comment freely on the report of the grand jury, which they endorse without exception.

The States says: "The report of the grand jury brings to light a number of startling facts concerning the assassination of this city, the miscarriage of justice and the subsequent lynching of the prisoners in the parish prison. Naturally the grand jury could indict no one or no number of those concerned in this business. The 'people' did it; and no grand jury could devise a way to indict 'the people.'"

The Times-Democrat says: "The grand jury has made the proper return in the parish prison lynching—a return that will meet with the approval of the entire people, not of New Orleans alone, but of the country."

The Picayune says: "We accept the declaration of the inability of the grand jury to get information as to the participants in the storming of the parish prison. The grand jury could not find the guilty parties. That is plain enough. Any insinuation that the 'entire people' of the city and parish are responsible ought not to proceed from the grand jury, which was acting under oath."

AT THE STATE DEPARTMENT

No Surprise Expressed as Such a Conclusion Was Expected.

WASHINGTON, May 7.—The report of the New Orleans grand jury upon the work of the mob at the parish prison there last March led to considerable discussion here. Attorney General Miller declined absolutely to express any opinion about it, or to discuss it in any of its features.

The findings of the grand jury excited no surprise, for some such conclusion in the case was expected. At the state department the attempt on the part of the jury to excuse the infraction of the law by offsetting it with the alleged attempts at jury fixing, is deprecated, but there is a well defined opinion that on the whole the outcome of the case will be beneficial in its effects upon the turbulent foreign elements in the United States, inasmuch as it will make clear to them the fact that they cannot rely upon treaties to escape responsibility to the great public for their unlawful acts.

The report, it is believed, differs in the matter of the nationality of the victims from the report of District Attorney Grant, now in the hands of the attorney general. The grand jury found that eight of the men were naturalized citizens, and that one had declared his intention to become naturalized, while the district attorney, it is believed, found that one of the victims was an Italian, but an escaped convict; and that another's nationality was so doubtful as to make it unsafe to hazard an opinion. So at its worst the Italian complaint will be narrowed down to two persons, and one of them an escaped convict.

AMERICANS ATTACKED IN ITALY.

A Massachusetts Man and His Daughter Assaulted by a Mafia Mob.

ROME, May 7.—While Mr. William Jacques, an American from Newton, Mass., was out driving with his daughter at Florence Tuesday, his carriage was pursued by a mob of people who attacked it and pelted it with stones. His daughter, who interfered in his behalf, was injured.

Jacques a Quiet, Inoffensive Man.

BOSTON, May 7.—William Jacques, of Newton, Mass., who, with his daughter, was assaulted by an Italian mob at Florence Tuesday, is the electrician of the American Bell Telephone company. He is on a pleasure trip abroad, and intends to be gone about six months. He sailed for England about a month ago. He is well known in this and other eastern cities. He is spoken of as a quiet, inoffensive man. He is highly educated, and was at one time a professor of the Johns Hopkins college, Baltimore. His friends and those who know him are at a loss to account for the assault upon him. Mr. Jacques is accompanied by his wife and two children, both daughters, one aged 8 and the other 10 years.

Brothers' Bodies Cremated.

PHILADELPHIA, May 7.—The remains of Dr. Joseph Leidy, the famous scientist, and those of his brother, Dr. Philip Leidy, were cremated yesterday at the crematory of the Philadelphia Crematory society. This was done according to the expressed desire of the two eminent physicians.

BIG FIRE IN NEW YORK.

Several Buildings and Acres of Lumber Destroyed.

NEW YORK, May 7.—Fire started in the Doncaster iron foundry, at West avenue and Flushing street, Long Island City, at 11 o'clock last night, entirely consuming the building with its contents. The Clark & Sampson feed mills next door also took fire and were burned to the ground. The flames then spread to the immense lumber yards across the street, which cover seven or eight acres, or thirteen city blocks. Several different firms occupy this ground, among them being that of H. S. Whiting, H. S. Burroughs, and the Export Lumber company, owned by William R. Grace & Company.

At present all of the lumber in these yards is burning, with no possible hope of saving any of it. This immense lumber district is situated on the north side of Newton creek. Just across the creek are many oil refineries, and a terrible conflagration will follow if they should become ignited. Fortunately the wind is blowing the other way, and this will not occur unless it changes and carries the flames across the creek. To the north of the burning district is the new station of the Long Island railroad, and, as a high wind prevails in that direction, it will probably be burned. The firemen are directing all their efforts to save this property.

All the locomotives of the company are in readiness to pull out all the cars in the yard if the depot should begin to burn. The loss cannot be estimated at this time, but will considerably exceed a million dollars.

There was a great deal of shipping in Newton creek which was towed out into the East river by the tugs of the Standard Oil company, which concern controls the immense oil works on the south side of the creek.

THAT PITTSBURG BLAZE.

The Loss Will Not Reach More Than Half a Million Dollars.

PITTSBURG, May 7.—Several streams of water were kept pouring upon the ruins of Wednesday night's fire throughout the day. The city building inspectors have completed an examination of the burned district and the surrounding buildings. They now estimate the loss at about \$500,000, and say that very little of the property is unimpaired. It is feared that the Pittsburgh Female college is a total loss. One-half of the building is gutted by fire, while the part which escaped the fire is thoroughly saturated with water and likely beyond repair.

The building inspector says that although a number of tenement houses in Matlock alley and on the west side of Seventh street were either burned or badly damaged, they were of so little value that they can hardly be classed among the losses. Seventh street below Pennsylvania avenue is completely blocked and is impassable to vehicles. The work of clearing away the debris has already commenced.

County Infirmary Burned.

MUNCIE, Ind., May 7.—The county infirmary, located five miles east of this city, burned at 11 o'clock yesterday, and was a total loss. The fire was caused by defective regulation of natural gas. The inmates, forty-five in number, were rescued without loss of life, although two sick persons narrowly escaped suffocation, and one insane man had to be forcibly restrained to prevent rushing back into the flames. The loss to the county is \$8,000, and there is \$3,000 insurance, divided equally between the Traders of Chicago and the Hamburg-Bremen. S. F. Watson, superintendent, was damaged \$500.

Wheel Works at Sidney Burned.

SIDNEY, O., May 7.—At 1 o'clock Wednesday morning the shops of the American Wheel company were burned down. The loss on stock and buildings is estimated at \$100,000. The company carried \$60,000 insurance, part of which has lapsed; 200 men are out of employment. The monthly payroll averaged \$5,000. Origin of the fire unknown.

Vacant Hotel Building Burned.

MASSILLON, O., May 7.—An incendiary fire yesterday morning wrecked the Empire hotel building, which had been vacant since April 1. It was insured for \$2,000 in the Columbus County Mutual and \$1,400 in the Royal of Liverpool.

THE CHILIAN WAR.

Two New York Commercial Houses Furnishing Arms and Ammunition.

NEW YORK, May 7.—The actual seat of the Chilean war is located in this city. It is claimed that two prominent commercial houses, both having very large interests in Chili, are furnishing arms, ammunition, and money to both factions—the government, or Balmaceda's forces, and to the revolutionists. The houses mentioned are opposed to each other commercially, and each is doing its utmost to have the faction it supports win.

News was received by one of the firms yesterday from its agents in Buenos Ayres that its competitor had sent a lot of rifles and ammunition to aid Balmaceda's forces. The agent stated that the firm had shipped 350 cases of rifles and 750,000 rounds of ammunition in the Brazilian mail steamships Vigilance and Advance from this port to Santos. There the articles were transferred to another steamer and taken to Montevideo.

Inquiries Made at Washington.

WASHINGTON, May 7.—Secretary Foster has referred to Attorney General Miller for his official opinion the question whether the transfer of arms in an American port from an American vessel to a vessel of a country engaged in revolution is a violation of the neutrality laws, and the treaty of the United States. This question arises in the cases of the Chilean vessel that received arms in the port of Wilmington, Cal. It is understood that the Chilean minister has called the matter to the attention of the state department.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

THURSDAY, MAY 7, 1891.

THE Louisville Times says that the betting on the street corners and in the hotel lobbies is now even money on Brown against the field. It is well to bear in mind, however, that the favorite is not always the first to pass under the wire.

Of all the Democratic candidates for State offices, Mitch Alford is, perhaps, the only one who is not losing any sleep these nights. He has a "cinch" on the nomination for Lieutenant Governor, his total instructed vote at last accounts being 424.

Nervous prostration, sleeplessness, opium habit, dullness, blues, cured by Dr. Miles' Nervine. Samples free at J. J. Wood's.

THE most complete thing ever made for fencing, gates, arbor, trailing vines, &c., is the "Hathaway" fence wire. For sale by Frank Owens Hardware Company.

MR. JOHN J. GRAHAM and Mrs. Josephine Mingua, both of this county, were married last evening at the home of Mr. Wm. Breese, by Rev. Thomas Hanford, D. D.

NEAR Paris, the storeroom and post-office and tobacco barn of A. P. Lary, at Austerlitz Station, burned night before last. Loss, about \$4,000; insured for half that amount.

It has set up a kingdom of its own and driven out rheumatism, neuralgia, blood poison, ulcers, boils and pimples. Ask Power & Reynolds for a bottle of Pioneer Sarsaparilla. Price, 50 cents.

THERE was a heavy frost in this section this morning. The temperature was near the freezing point at daybreak. It is feared that the fruit and other crops have been seriously injured.

MR. WM. McCLELLAND's Rolling Meadows Dairy is a new candidate for public patronage. It commenced business this week. His delivery wagon, received yesterday, is a handsome one.

ROBINSON's show attracted a big crowd here yesterday. About 4,000 people witnessed the performance in the afternoon. The attendance at night was not so large. The crowd was unusually orderly and good natured.

THE ladies of the Central Presbyterian Church will give an entertainment at the residence of Mr. Thomas M. Green this evening from 5 to 9 o'clock for the benefit of the church. Entrance free; refreshments 15 cents.

MR. JAMES W. DUKE has been appointed General Agent for North-eastern Kentucky of the Washington Life Insurance Company of New York. Mr. Duke represents a good company and his friends wish him success.

THE Blade says it is reported that under the next time card on the Chesapeake and Ohio railway the Maysville accommodation train will be run through to South Portsmouth, and return from there next morning.

MR. JOHN F. MORAN, late foreman of masonry on the Cincinnati Division of the C. and O., has severed his connection with the road and now solicits a share of the public patronage. Estimates cheerfully given on all kinds of masonry.

DR. PRESTON LINDSAY, of Carlisle, is under bond to answer the charge of shooting Nat Desha, a colored boy of that place. The ball entered the left lung and the wound is a serious one. Lindsay denies doing the shooting, and claims the boy shot himself.

SAYS the Bowling Green Times: "It is estimated that if nothing happens between now and wheat cutting time Warren will produce 350,000 bushels of wheat, which will doubtless distribute that many dollars among the people of the county, which is over ten dollars per capita, which is a pretty good hard time killer."

Four Months' Work

Rev. J. M. Evans has returned from West Virginia, where he has been engaged in evangelistic services several weeks. His four months' work in that State has resulted in 193 additions to the Presbyterian Church, and two new churches were organized with sixty members each. Besides this, he organized one Sunday school, four prayer meetings, raised money to erect one church building and to pay off a debt of \$1,900 on another.

He is one of the most zealous and at the same time one of the most successful evangelists in the field. The Charleston Gazette says the secret of his success is that "he is a Christian gentleman, and secondly he visits the homes of the people and converses with them on the subject of religion."

EDUCATION.

Provisions of the New Constitution on This Subject.

Section 190. The General Assembly shall, by appropriate legislation, provide for an efficient system of common schools throughout the Commonwealth.

Section 191. The bond of the Commonwealth issues in favor of the Board of Education for the sum of one million three hundred and twenty-seven thousand dollars shall constitute one bond of the Commonwealth in favor of the Board of Education, and this bond and seventy-three thousand five hundred dollars of the stock in the Bank of Kentucky, held by the Board of Education, and its proceeds, shall be held inviolate for the purpose of sustaining the system of common schools. The interest and dividend of said fund, together with any sum which may be produced by taxation or otherwise for the purposes of common school education, shall be appropriated to the common schools, and to no other purpose. No sum shall be raised or collected for education other than in common schools until the question of taxation is submitted to the legal voters, and the majority of the votes cast at said election shall be in favor of such taxation; provided, the tax now imposed for educational purposes, and for the endowment and maintenance of the Agricultural and Mechanical College, shall remain until changed by law.

Section 192. The General Assembly shall make provisions, by law, for the payment of the interest of said school fund. The General Assembly may make provision for the sale of stock in the Bank of Kentucky; and in case of a sale of all or any part of said stock, the proceeds of sale shall be invested by the Sinking Fund Commissioners in other good interest-bearing stocks or bonds, which shall be subject to sale and reinvestment, from time to time, in like manner, and with the same restrictions, as provided with reference to the sale of the said stock in the Bank of Kentucky.

Section 193. Each county in the Commonwealth shall be entitled to its proportion of the school fund on its census of pupil children for each school year; and if the pro rata share of any school district be not called for after the second school year, it shall be covered into the treasury and be placed to the credit of the school fund for general apportionment the following school year. The surplus now due the several counties shall remain a perpetual obligation against the Commonwealth for the benefit of said respective counties, for which the Commonwealth shall execute its bond, bearing interest at the rate of six per centum per annum, payable annually to the counties respectively entitled to the same, and in the proportion to which they are entitled, to be used exclusively in aid of common schools.

Section 194. In distributing the school fund no distinction shall be made on account of race or color, and separate schools for white and colored children shall be maintained.

Section 195. A Superintendent of Public Instruction shall be elected by the qualified voters of the Commonwealth at the same time the Governor is elected, who shall hold his office for four years, and until his successor shall be qualified. His duties, salary and qualifications shall be prescribed by law.

Section 196. So much of any moneys as may be received by the Commonwealth from the United States under the recent act of Congress refunding the direct tax shall become a part of the school fund, and held provided as in section 191; but the General Assembly may authorize the use, by the Commonwealth, of the moneys so received, or any part thereof, in which event a bond shall be executed to the Board of Education for the amount so used, which bond shall be held on the same terms and conditions, and subject to the provisions of section 191 of this article concerning the bond therefor referred to.

Section 197. No portion of any fund or tax now existing, or that may hereafter be raised or levied for educational purposes, shall be appropriated to, or used by, or in aid of any church, sectarian or denominational school.

For the Farmer.

In some parts of this State corn is scarce at \$4 to \$5 per barrel, and oats readily bring ninety cents per bushel.

Spade up the poultry yards and prevent disease among the fowls. Scatter lime freely on the ground before and after spading. Lime prevents roup, gapes and cholera.

There are 1,300 beet sugar factories now in Europe, consuming 24,000,000 tons of beets, and furnishing 2,000,000 tons of sugar. Labor and fuel in the manufacture cost \$80,000,000, and more than \$100,000,000 are paid to the farmers for beets.

The total number of sheep in the United States January, 1891, was 43,431,136. Of these more than one-half are credited to eight States, viz.: Texas, Ohio, California, Oregon, Michigan, Montana, Colorado and New York.

Jacob Dunaway, who lives half a mile south of Rectorville, has several tobacco beds from 37 to 84 feet long and 6 to 9 feet wide. He will have plants enough to set out 50 acres by the 15th of May, if nothing happens to them.

What Is a Kindergarten?

"It is an institution providing employment and exercise for the healthful and harmonious development of all the faculties of the children; where the little ones may grow, learn and be happy, while gradually advancing in the healthful exercise of their faculties, and in the delightful acquirement of knowledge.

"Play is the work of the child,"—their constant anxiety is to have something to do, and hence the many employments for their fingers and feet, as well as for the eyes and ears, meet in an admirable manner the child's wants."

Real Estate Transfers.

Jefferson Watson to Mrs. Susan Prather, 5 acres of land on Shannon Creek; consideration, \$75.

M. B. McKrell's heirs to A. H. Thompson and W. B. McAttee, house and lot on west side of Sutton street; consideration, about \$4,000.

NIPPED BY JACK FROST.

Serious Damage Done by the Freeze This Morning.

Reports from the country indicate that serious damage was done by the frost this morning.

At Mayslick the temperature was two degrees below freezing. Ice nearly a quarter of an inch thick was formed at several places.

Tomatoes, beans and other tender plants were killed where they were not protected. The gardeners suffer heavily. In the Lewisburg neighborhood, what corn was up was frozen black.

The fruit has undoubtedly been greatly damaged. Some of the wheat has jointed and it is believed this, too, was seriously injured by the freeze.

C. and O. Earnings.

The earnings of the Chesapeake and Ohio for the fourth week of April show an increase of \$27,276.66 over the corresponding week of last year. The figures are:

Here and There.

Mr. R. D. Wilson, of Vanceburg, was here yesterday.

Mr. Geo. W. Rogers is visiting relatives at Flemingsburg.

Miss Laura Bona is at home, after a pleasant visit of several weeks at Lexington.

If any one imagined Hechinger & Co.'s mammoth clothing store is too large for our city, they ought to have taken a peep in it yesterday. A count showed no less than fifty-five people in the store at one time, yet the magnificent space they have made it an easy matter for nearly everybody to get waited on. In reply to the question how business was yesterday, Mr. Hechinger answered that they were satisfied. As all know so well Mr. Hechinger's ambition to do a large business, one may imagine that the result of the circus trade must have been highly satisfactory.

River News.

The Andes is due down this evening and the Telegraph to-night.

Due up: Postona for Pomeroy and Keystone State for Pittsburg late to-night.

The big news wheel excursion steamer Cohoona grounded at Letart Falls a few days ago. The Congo and Hudson, one bound up and the other bound down, vainly attempted to pull her off, and the Congo herself also went hard aground, and it is feared the channel cannot be cleared before a rise comes. It is seriously interfering with navigation in the Upper Ohio.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

Never Too Ill for the Show.

"Won't you go to the prayer meeting, dear?" "I would like to, mother," she said.

"But I am so very tired." "And this pain is splitting my head."

Jack came along a few minutes later. And asked her to go to the show.

Like magic vanished aches and pains. And she gayly said she would go.

M. C. M.

BABY IS SICK—The woeful expression of a Des Moines teamster's countenance showed his deep anxiety was not entirely without cause, when he enquired of a druggist of the same city, what was best to give a baby for a cold? It was not necessary for him to say more, his countenance showed that the pet of the family if not the idol of his life, was in distress. "We give our baby Chamberlain's Cough Remedy," was the druggist's answer. "I don't like to give the baby such strong medicine," said the teamster. "You know John Oleson, of the Watters-Talbot Printing Co., don't you?" inquired the druggist. "His baby, when eighteen months old, got hold of a bottle of Chamberlain's Cough Remedy and drank the whole of it. Of course it made the baby vomit very freely, but did not injure it in the least, and what is more, it cured the baby's cold. The teamster readily knew the value of the Remedy, having used it himself, and was now satisfied that there was no danger in giving it to a baby. For sale by Power & Reynolds.

Cincinnati Tobacco Market.

(Tuesday.) The offerings at auction to-day were 225 hhds. The breaks were very light—in fact, the smallest day's offerings, with one exception, since the first week in January, 1890. The offerings were of a generally poor quality. The market, though, showed little, if any, change from last week, remaining with an active demand prevailing for the small number of bds medium to good leaf and color trash and lugs, new or old, and this kind sold at full prices. The common goods were in fair demand at unchanged figures. Of the 225 hhds, \$1 sold from \$1 to \$3.95, \$1 from \$4 to \$5.35, \$3 from \$6 to \$7.95, \$2 from \$8 to \$9.95, \$6 from \$10 to \$14.75 and 29 from \$15 to \$19.25.

Cincinnati Live Stock Market.

(Wednesday.) Receipts of hogs, 1,522; cattle 805; sheep, 212. Shipments of hogs, 828; cattle, 65; sheep, none. HOGS—Common, \$1.00 to \$1.40; fair to good light, \$1.75 to \$2.00; do packing, \$1.45 to \$1.70; selected butchers, \$1.80 to \$2.25. Market active and stronger. CATTLE—Common, \$2.50 to \$3.50; fair to medium, \$3.75 to \$4.50; good to common, \$4.75 to \$5.50; fair to good shipping, \$4.25 to \$5.25. Market stronger. VEAL CALVES—Common and large, \$3.75 to \$5.00; fair to good light, \$5.50 to \$6.25. Market steady. SHEEP—Common to fair, \$1.50 to \$2.25; good to choice, \$2.50 to \$3.25. Extra, \$6.50. Market steady. LAMBS—Common to fair, \$3.25 to \$6.00; good to choice, \$6.25 to \$7.75; extra, \$7.00. Market stronger.

"NO BOSSES NEED APPLY."

The Lexington Leader Makes a Deep Thrust at Dictator Bradley—Kentucky Republicans.

There is trouble brewing in the ranks of the Kentucky Republicans. Colonel W. O. Bradley says he isn't a candidate for Governor, but he would like to continue as boss of the party in the State, and has set up Major A. T. Wood, of Mt. Sterling, as the man for the place. Judge Denny's friends resent this attempt on the part of Bradley to set himself up as Dictator. The Lexington Leader has served notice on the Colonel that "no bosses need apply." It says:

"Half a dozen or more good and available men have been suggested in connection with the nomination for Governor, among them being Colonel W. O. Bradley, Judge George Denny, Judge A. T. Wood, Hon. John W. Lewis, Hon. D. G. Colson and Hon. Wenden O'Neal. Anyone of these gentlemen would fitly head the Republican ticket if his nomination should come spontaneously from the party in convention assembled.

"But Kentucky Republicans, like free-born men everywhere, do not like to be driven—they will not submit to bossism.

"The race is open to all of the above eminent leaders, as well as to every other Republican in Kentucky; but if one of the gentlemen named thrusts aside his chance for the honor of a gubernatorial nomination, let him not attempt to dictate who the people shall choose.

"Any attempt to punish certain Republicans by forcing the nomination of a particular candidate is unjust to the other gentlemen named for the high office, and must result in final injury to the party."

The returns from the county meetings so far show that Bradley's appeal in behalf of Wood has not been in vain. It looks like the Leader will have to submit to the Boss.

Lee County Republicans have selected delegates to the State convention, and instructed for T. J. Treadway for Registrar of the Land Office. They resolved that A. T. Wood was their first choice for Governor, but did not instruct for him. President Harrison's administration was commended.

The Republicans of Perry County held a meeting at Hazard and instructed for Edward Campbell for Representative and endorsed A. H. Stewart for State Senator. The delegates selected to attend the State convention were instructed to cast the vote of the county for A. T. Wood for Governor and E. C. Orear for Attorney General.

Farmers' Home Mutual.

The annual meeting of the Farmers' Home Mutual Aid Association will be held next Monday at 1 p. m. at the court house. The members are urged to attend.

The Ladies Delighted.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

Death of Mrs. Kate Fee.

Mrs. Kate Fee, of New Richmond, O., died Wednesday, after a lingering illness from the grippe. She was a daughter of the late Dr. Addison Dimmitt, of this county, and leaves two sisters—Mrs. John C. Herndon, of Louisville, and Mrs. R. A. Davis, of New Richmond. The remains will be interred Friday afternoon at 2 o'clock at New Richmond.

No "Setters" Need Apply.

Says the Lexington Transcript: "A certain thrifty farmer near Lexington is certainly original in choosing his farm hands. All applicants for positions as 'laborers in his vineyard' are respectfully requested to elevate their coat-tails, and if that part of the trousers revealed by this operation indicates the wearer to be a good 'setter,' he is told to move on."

Captured an Eagle.

Mr. Condit Dougherty, who lives near Mayslick, had an exciting time a few days ago with a large bald eagle on the farm of Mr. Lee Fox. He wounded the bird slightly and when he approached it, it fought bravely for its freedom. It was eventually captured, however, and as soon as it recovers from the wound, Mr. Dougherty will present it to the Zoological Garden at Cincinnati. It measures nine feet from tip to tip.

Store Robbed.

Mr. T. Lowry's grocery on Plum street was broken into last night and robbed of a considerable amount of groceries, consisting of flour, cigars, tobacco, coffee, sugar, canned goods and such articles. The money drawer was broken open but only about 35 cents in coppers taken.

Railway Magnates.

M. E. Ingalls, President, and Geo. W. Stevens, General Superintendent, of the C. and O., accompanied by C. Vanderbilt and Chauncey M. Depew, passed west over the C. and O. yesterday on a tour of inspection.

THE CONTRACT LET.

J. H. Erion, of Paris, will Build the Fair Company's Grand Stand.

The contract for the Maysville Fair Company's new grand stand has at last been let.

Mr. J. H. Erion, formerly of Germantown, but now living at Paris, is the successful bidder. The contract price has not been given out, but it is learned that Mr. Erion's bid was \$1,300 less than any of the others.

Work will be commenced next Monday. Mr. Erion will employ a large force of hands, and will have the stand completed in time for the fair and races next August.

When the contract was awarded to Mr. Erion, the company expressed a desire that he secure the material for the building here and give employment to Maysville workmen as far as possible. This Mr. Erion will do.

The iron and lumber required for the structure will be furnished by local dealers, and employment will be furnished for a large number of Maysville workmen for several weeks.

The stone work will be finished this week.

Mrs. Frances Daulton.

Mrs. Frances Daulton, widow of the late Squire Thomas Daulton, died yesterday afternoon about half-past 3 o'clock at the family residence on West Second street. On April 2, she fell and received injuries which finally proved fatal.

Deceased's maiden name was Williams. She was born near Lexington, and was seventy-seven years old on the 4th of last March. Her husband died about ten years ago. One sister, Mrs. Mary Botts, of Bath County, and one brother Mr. Thomas Williams, who lives near this city, survive her. She leaves several children, among them Messrs. Mose and Henry Daulton, the livery men; Mrs. Philip Hise and Miss Mary Daulton.

The funeral will take place to-morrow at 10 a. m. at the residence, services by Rev. C. S. Lucas. Burial at Maysville Cemetery.

AMONG THE STRIKERS

Labor Mass-Meeting Held in New York City.

SYMPATHY FOR THE STRIKERS.

Mr. Gompers and Others Speak in Behalf of the Cloakmakers—Miners Return to Work at Brazil, Ind.—Threatened Strike in Boston Averted—Labor News in General.

New York, May 7.—Fully 3,000 workmen crowded Cooper Union hall last night, and as many more could not find room and organized an overflow meeting, to protest against what they regarded as the unjust conviction of Joseph Barondess, the leader of the striking cloakmakers. Samuel Gompers presided. In his opening speech Mr. Gompers said there was a feeling in New York that a great injustice had been done. The strike at Barondess was a strike at organization.

Christopher Evans, of the Federation of Labor, and George E. McNeil, of Boston, also spoke. As applicable to the present case, the latter referred in his remarks to the finding of the New Orleans grand jury as follows: "When justice is miscarried by the courts, the power duly rests with the people."

Strike Unchanged.

EVANSVILLE, Ind., May 7.—There was practically no change in either the miners or varnishers' strike yesterday. Both the strikers and operators are standing firm, and there is no sign of either party weakening. The operators are still receiving coal from mines along the Nashville division of the Louisville and Nashville railroad, also from Spottsville, Ky.

Brazil Miners Go Back to Work.

BRAZIL, Ind., May 7.—A large mass-meeting of the block coal miners met at the court house yesterday. The secretary read a proposition from the operators which was accepted. The miners return to work at last year's prices, signing contracts for a year.

Situation in New York.

NEW YORK, May 7.—The striking housepainters yesterday were proffered aid from the architectural iron workers at Hoboken, N. J., but the assistance was unanimously declined. The situation is unchanged. The framers' strike is practically dead.

Threatened Strike Averted.

BOSTON, May 7.—The threatened strike of the granite cutters in this city has been averted. This was brought about by a conference held yesterday between the union and the Manufacturers' association, at which all differences were adjusted.

Street Car Line Builders Strike.

VINCENNES, Ind., May 7.—Twenty-five men at work on the extension of the street car line, struck yesterday. They were getting \$1.25 per day and want \$1.50. An effort will be made to work new men. The strikers threaten opposition.

UNEARTHING A CRIME.

Some Good Work Done by Detectives in Northern Ohio.

WOOSTER, O., May 7.—During the night of Aug. 20 last the farm house of Michael Shelby, near this city, was forcibly entered by four masked men, who bound and gagged Shelby and his aged wife and stole cash amounting to \$12,000. Mrs. Shelby died from nervous prostration brought on by the excitement of the robbery. A detective bureau has just caused the arrest of Henry H. Binckley, his grandson, Harry Webb, and a son, Daniel Binckley, neighbors of the Shelys.

Until a few weeks before the crime was committed, Daniel Binckley was a member of the Kansas City police force, where he was discharged. Among the bills stolen was one of a \$1,000 denomination. Daniel Binckley's wife made a trip to Canada to get this bill changed and the Canadian bank officials suspicious of her actions, took a snap shot picture of her as she was receiving the money. The men will also be prosecuted for murder.

REMARKABLE REVIVAL.

Cleveland Business Houses Closed to Let Employees Attend.

CLEVELAND, May 7.—One of the most remarkable religious revivals in the history of Cleveland has been in progress here for the past three weeks under the direction of Rev. Mr. Mills, the evangelist, and supported by a union of the principal evangelical churches of this city.

Wednesday was observed as the "mid-week Sabbath," and fully one-half the business houses and manufacturing closed in the afternoon, in order to allow their employees to attend the service. Music Hall has been crowded evening after evening by thousands of people. Upward of 9,000 persons have already signed cards signifying their intention of becoming Christians. The meetings close Sunday.

The Indian Messiah Arrested.

KINGFISHER, O. T., May 7.—A man answering the description of the Indian Messiah was arrested near here yesterday and was brought to this city. He has attracted much attention by his peculiar attire and his witty answers to all questions. He says his name is Oh Homa, and that he is a descendant of the Toltic and Osage Indians. He is well educated and talks six different languages. Where he came from or whether he is bound he does not tell. He does not claim to be the Messiah, but says he has important business with the Cheyenne and Arapahoe and other tribes of Indians in the southwest.

Gamblers Heavily Fined.

NOBLESVILLE, Ind., May 7.—The gamblers here received a black eye in the circuit court. W. A. Fisher, who has been long known as the keeper of a gambling room, has been fined \$150 on one count, and another case is still pending. Fisher was convicted before the mayor and appealed. The principal witness against him fled, but witnesses enough remained to convict.

A DANGEROUS CRANK.

He Goes from Denver, Col., to New York on a Mission to Kill Jay Gould.

NEW YORK, May 7.—A dangerous crank, who gives his name as Charles J. Dickson, has been arrested at the request of Jay Gould. Dickson went on Monday to the house of Dr. Mann, Mr. Gould's physician, and announced that he was vice president of an order called "The Christ Followers," and that he had a mission to kill Jay Gould. If, however, the millionaire would give \$80,000, and make certain arrangements for the distribution of his property to charity, he would refrain from assassination. Dickson will be examined as to his sanity.

On Dickson's person when arrested were found a black jack and a pistol. He made no resistance, and after reaching police headquarters told Police Inspector Brynes that he was in the land commission business at Pueblo, Col., and left there on April 15. He related a thrilling story to the inspector about four men he had killed single-handed while they were attempting to rob his office of legal papers. He said he joined the "Christ Followers" about a year ago in the following manner: He was instructed to go to a place called Owl's Head on the Canada line. He stayed there until dark, and then about fifty men, in masks, appeared and surrounded him. He was made to kneel and take a number of blood-drenching oaths. The object of the organization was for the equalization of money.

The council met about the 15th of last month, he said, and convicted Jay Gould. It fell to his lot to go to New York and make certain proposals to Mr. Gould regarding the distribution of his wealth, and if they were not complied with he was to kill him. Failing to accomplish his work, Dickson said, he would kill himself. He would go to Hartford, Conn., his native place, where he had a spot selected for the deed. He said he would have two pistols, one to fire into the air and the other to shoot himself with. This would give the impression that he had been murdered. The police regard the man as a very dangerous crank.

Kentucky Bank Assigned.

SCOTTSDALE, Ky., May 7.—The bank of Allen county assigned yesterday morning to Dr. J. R. Shepherd. The Warren Deposit bank, of Bowling Green, is the largest creditor. The bank owes its depositors \$30,000. The event was hastened by the fire last Saturday morning, which burned the bank building.

Struck By a Train.

SYRACUSE, N. Y., May 7.—John Mansell was struck by a train on the Delaware, Lackawanna and Western yesterday. He was walking along the tracks at the time. He was taken to the hospital in an unconscious condition and it is thought that his injuries are fatal. His parents reside in Brooklyn.

Mike Kelly's Welcome to Boston.

Boston, May 7.—Mike Kelly was given a magnificent reception on the Congress street grounds yesterday afternoon by over 3,000 persons. The "King" was presented with a handsome wagonette and spirited iron gray horse, and a floral horseshoe four feet high. The crowd rose en masse every time he came to the bat. His team played well in the field, but could not hit Haddock, who pitched a splendid game.

The Weather.

Fair weather; stationary temperature, except slightly warmer; north winds.
